

Membership Welcome Pack

Welcome

I am delighted you have chosen to join the club and wish to extend a warm welcome to you.

The club has a long and rich history of providing opportunities for people of all ages and backgrounds to train and compete in a range of athletic disciplines. I hope you are looking forward to getting fitter, making new friends and competing in the club's vest.

Whether you are new to the sport or have a lot of experience, there's lots to learn about your new club. I hope this Welcome Pack will go some way to helping you get off on the right foot. It is distributed to all new athletes, coaches, volunteers and officials within the club.

It is imperative that you read and abide by all appropriate Codes of Conduct. If you feel in any way that others within the club are not following these codes, I ask that you contact the Club Secretary, or any member of the club committee as soon as possible. By joining as a member you are signing up to these codes of conduct.

There is a lot more to learn than we can possibly include in this Welcome Pack and the best place to find out more, and to stay in touch with the latest club news, is via our website www.mandmac.org .

I look forward to seeing you at training or a competition soon.

Stay fit and healthy...

Training

As a member of the club you are welcome to join any of the organised coaching groups. These cover road running and cross country, track (both sprints and middle distance, field events and multi-events). Some groups are established for specific events and age groups, but we hope there is a suitable group for everyone. For those who train on their own, there is always the opportunity to link up informally with other members to benefit from training with somebody.

There is no limit on training groups, so if you think there's a gap in what is offered and you want to start an additional group, talk to a member of the committee. We also support people who wish to make a move into coaching or leading training groups by supporting attendance on official coaching courses. You can find out more about training groups on the website.

Competing

Whilst training brings many benefits for athletes, the main reason to train is to prepare for competition and this is a key focus of why the club exists. We expect those who train to want to compete and this is reflected in the way we structure our membership fees – with competing membership cheaper than non-competing. Whilst the idea of competing may seem daunting for some, it is important to remember that there are different levels of competition so everyone can compete at their level. However, athletics is one of the most inclusive sports around and the very best athletes can in the same events as those new to the sport. You can easily set your own personal goals for each event. As a member it is important you make contact with the relevant team manager and keep in touch with them, team manager details are on the website, as are details of training groups.

Getting Involved

Athletics clubs rely entirely on volunteers. There are no paid staff, no paid managers. Without the time given by coaches, managers, officials and committee members, this, and every other club in the country, would cease to exist very quickly. Every member, friend, partner, parent or family member is urged to consider what they can offer to the club. It might be helping at competitions with marshalling or raking the sand pit for the long jump. It may mean learning to be a time keeper or helping manage your son or daughter's team. Most of the roles associated with the club can be learned and there are a lot of people around with great experience who will help you to learn. Athletics is quite different to many other sports. For example, managing a team doesn't involve actually coaching the athletes – instead you need to be organised and communicate with athletes and their coaches – you don't need 30 years of experience in the sport for that, just the right attitude and a passion for the sport.

Talk to the Club Secretary or Chairman if you feel you have something to offer and would like to become involved.

Sponsorship

The club is run on a very tight budget with membership fees and a handful of small grants supporting the club. Any sponsorship can go a long way towards making it more successful. If you, your business or the company you work for feel there is an opportunity to support the club through sponsorship, we would love to hear from you. Talk to the Chairman or Secretary about your ideas.

Celebrating Success

It is vital that, as a club, we celebrate the success of every athlete that competes. Of course medals, trophies titles and races are won throughout the year, but twice a year we stop to reward those within the club that have excelled. We do this at the end of the summer season with a presentation evening and again at the end of the winter season with the presentation evening and AGM. Everyone is encouraged to attend both events to celebrate the success of their team mates.

Annual General Meeting

The club's AGM is normally held in April and is an important opportunity to understand what is happening within your club and to have your say in how it is run. As well as reports from committee members on the status of the club and its finances, members of the committee are elected to serve for the year ahead. It is important you have the chance to influence and elect your committee members, so please do attend. Notification of the date, time and venue will be made at least a month before.

The [Club Constitution](#) is the document that sets out how the Club is governed.
